

# User Interface Programming

Subject Code: R23CP2405

Semester 3 · 4 Credits · Practical · CWIT R23

2 Curated YouTube Lectures

---

Comprehensive Study Notes with Curated Lectures, Study Guide & Practice Questions

*Lernio AI · Learning OS 2.0*

# Coverage Focus

GUI components, layouts, events, forms, menus and creation of small desktop applications.

## Curated YouTube Lecture Resources

These playlists have been curated to match your CWIT R23 syllabus. Start with the Primary playlist, then use Alternate playlists for different explanations.

### Primary Lecture 1: Java Swing GUI - Full Course

Channel: Bro Code · Language: en

URL: <https://www.youtube.com/watch?v=Kmgo00avvEw>

Practical screen-based course for windows, buttons, panels, layouts and event handling.

### Alternate Lecture 1: Python Tkinter GUI Design - Complete Course

Channel: YouTube full course · Language: en

URL: [https://www.youtube.com/watch?v=0tM-l\\_ZsxjU](https://www.youtube.com/watch?v=0tM-l_ZsxjU)

Useful where the laboratory uses Tkinter or for understanding common GUI patterns.

# Study Guide

User Interface Programming (R23CP2405) is a practical subject worth 4 credits. Coverage focus: GUI components, layouts, events, forms, menus and creation of small desktop applications.

## Key Topics to Study

- GUI components
- layouts
- events
- forms
- menus
- creation of small desktop applications.

## How to Study This Subject

- Watch the primary YouTube lecture playlist first
- Take notes while watching — write key terms and formulas
- If a topic is unclear, watch the alternate playlist
- For programming subjects, type out every code example yourself
- Use Ask LEO to clarify any doubts
- Practise with quiz questions after each topic

## Exam Tips

- Focus on the coverage focus topics — these align with your CWIT R23 syllabus
- Review the primary lecture playlist before exams
- Practise numerical problems and code examples
- Time yourself while practising

## Subject Information

| Field        | Value                      |
|--------------|----------------------------|
| Subject Code | R23CP2405                  |
| Subject Name | User Interface Programming |

| Field             | Value     |
|-------------------|-----------|
| Semester          | 3         |
| Credits           | 4         |
| Category          | Practical |
| Scheme            | CWIT R23  |
| YouTube Resources | 2         |

## All YouTube Resources

| # | Title                                       | Role      | Channel             |
|---|---------------------------------------------|-----------|---------------------|
| 1 | Java Swing GUI - Full Course                | Primary   | Bro Code            |
| 2 | Python Tkinter GUI Design - Complete Course | Alternate | YouTube full course |
